Per your request at our meeting on 21 September for a comparison of PD-24 and the new draft NSDD, enclosure has been prepared.

As we see it, if the new NSDD is approved as written the authority of the DCI will be substantially reduced (transferred to Director/NSA) and NSA will have right of "inspection" of our procedures and facilities.

I am told that D/IC raised this new NSDD with the DCI this week. DCI was not very pleased, we are told, and Eloise Page has been tasked to talk to Mr. DeGraffenreid and tell him to slow down.

Meanwhile, we are told Mr. DeGraffenreid is trying to get the draft NSDD to the DDCI. So I think the DDCI needs a "heads up".

John,

Please note Bill's
